## Spice Of Life Transcendentalism

When You Go Into One State Of Mind Or Go Through A Kind Of Activity, Lack There Of, Or Conscious Or Subconscious Process Having Had Done Earlier In Your Life Spices, Sweets, Tea, And Other Drugs Cause You To Feel Better While Thinking Something, Thinking In Some Way, And/Or Thinking In A Kind Of Activity Or Active Way That Is Different Depending On The Type Of Drug Because Of More Enhanced Nerve Activity Giving You More Good Feelings Feeling Like You Are On Multiple Things At Once And Enhanced NeuroChemistry Because Of;

## American NeuroTransmitter Theory

You Can't Produce NeuroTransmitters On Your Own Like You Can't Eat Top Soil For Food, If East Asian Mysticism Was True Drugs Would Be More But Without Universal Construction Internal To Your Body You Cannot Turn Food Into Drugs/Neurotransmitters Like You Cannot Do Very Well On A Vegan Diet Or Else Everybody Would Be Vegan

NeuroTransmitters Are What Flavors Thoughts Physiologically In Nerves All Over Somebody's Body. When A Neurotransmitter Decides To Send A Signal It Needs The Right Neurotransmitter To Send The Signals Like Remember, Know, Understand, Observe, Analyze, Judge, Good, Bad, Art, Think Scientifically, Submit, Reality. And Instead Would Only Have A Signal Found In Clean Tap Water Like "Study" Or Danger In Pepper But The Neurons(From Eaten Nuts) Would Still Be Able To Decide Things Occasionally Just Have Less Options In Sending Signals And Having Neuro-Glandular Transmitter Releases Causing Zones Or Cortexes Of The Brains To Be "Flavored" Only Few Certain Ways. These Neurotransmitters According To American Neurotransmitter Theory Can Only Be Had By The Drugs On This WebPage And Fun Clean Drugs Like If. If One Does Not Use A Diversity Of Drugs Or A Cocktail Of Terpenes + CBD Like Found In Hemp Buds Or Sage You Would Have Poor Internal Neurotransmitter Or Thought Variety. If You Do Not Understand How This Works You Have Not Even Drunken Enough Tea And Eaten Enough Well Spiced Foods To Figure It Out. So Please Do At Least The Above Substances So You Can Think Properly. Because All Of This Will Make Sense To Somebody Sick Of Tea That Has Eaten A Good Variety Of Spices In Their Lifetime.

When You Are Into An Imbibable You Are Taking It In And In The Process Of Dealing With A Drug Lul Using Previously Upgraded Neurons To Turn On Neurons With The New Substance In It. When You Are On Drug[s] You Have Turned Those On And Are Fully "Baked" About Thinking With Them As Well. Come On Everybody Cool Is Doing If Or More So Get Started On Things That Feel Good To Get Let Into The After Party, The Before Party, The Party, Or Just Have A Party Anytime!

Although People Don't Look Happy All The Time That Doesn't Mean They Are Not High, Just Like When Having Fun Watching Movies You Would Have A Blank Face, While Getting Happy And Excited Playing War Video Games You Would Look Like A Fast, Frosty, And Focused Soldier Or A Concerned Prince Most Of The Time, And While Having Ecstatic Sex One Puts On The Oh This Feels Great Look!

Special Nutrients Have Not Been Thoroughly Looked Into By The FDA Which Still Does Not Test Most Foreign Medicine And Domestic Herbal Remedies. It Should Not Be That You Look For Primitive Western Nutrition Facts For Much Advice At All Because They Do Not Specify Specially Needed Nutrients Which Do Not Show Up In Simple Chemical And Not Microscopic Analysis Not Done To Ban Reefers. So Because Of It Ignore All Warnings From Society About Such Things, Always Trust Your BioSenses, And Stop Doing Anything You Do Not Want To Do Even If You Are Addicted To Those Things. If In Western Medicine You Seem Borderline About A Variety Of Regards It Is Because Normally You Would Be About To Have Some Huge Problem Like AutoImmune Deficiency Which Going Past The Thick Border Region You Would Not Ignore Like A Skin Rash From Your Skin Creams Or Rapid Onset Obesity Stop The Thing(s) Coldly And End Up Being Fine Like Fwa People Always Are. Do Not Contact A Doctor About Any Of This If You Have A Problem You Just Need To Go Cold Steak And Cheese By Stopping It, Alternatively Doing Everything Else You Want To Get High Off Of For A While Until You Really Feel Like Going Back To It Or If You Are Getting Fat After Being An ArchWitch About Food Eat Less And Still Stay Well Hydrated The Whole Time. The Only Thing A Western Doctor Is Going To Do Is Shove Salt Water In Your Veins Instead Of Give You Water Or Take You Away From Your Other Health Habits Or Cut Open And Vacuum Out Your Stomach Or Something Barbaric Like That. A Witch Does Not Need Any Of That All A Witch Needs Is To Eat Less If Fat And All An ArchWitch Needs To Do Is Get High Of Everything Else They Are More In The Mood To Do Ferrally With The Caveat Of Stopping Addictive Things Simply When You Crave Them But Don't Really Have Anything At Hand And In Mind That You Really Feel In The Mood For If You Find Yourself Under The Spell Of Addiction!

If You Overdose Just Chill Out And Wait Drinking Lots Of Fluids And Doing Things That Are Calming To You, That Is Not A Witches Problem Though Unless They Take To Many Pills Or Something, An ArchWitch Won't Even Be Tempted And Will Know Better. If You Are Staying Up Forever While High You Will Crash On Your Bed All Of A Sudden And Go To Sleep. If You Have Morning Woes They Will Stop Just As Soon As Your Body Is Ready. A Witch Will Have Bouts Of Sadness An ArchWitch May Lose Control Of Their Sleep Schedule. No Need To Worry Medically About That It Is Perfectly Normal And Even Somewhat To Be Expected Of An Elder Human Not To Mention An Experienced Elf.
